1. About this policy

This Cookie Policy explains how TopQuote uses cookies and similar technologies on our website, why we use them, and the choices you have. It should be read alongside our Privacy Policy, which explains more fully how we handle your personal information.

TopQuote is a trading name of Top Quote Limited, an Appointed Representative of The Openwork Partnership. This policy applies to our website at www.top-quote.co.uk and was last updated on 10 November 2026.

2. What cookies are

Cookies are small text files that a website places on your device when you visit. Similar technologies (such as pixels, tags, software development kits and local storage) work in comparable ways, and we refer to all of them together as "cookies" in this policy.

Cookies may be set by us ("first-party cookies") or by another organisation whose services we use ("third-party cookies"). Some last only for your visit ("session cookies"), while others stay on your device for a set period ("persistent cookies").

3. How the law applies to cookies

The rules on cookies come from privacy and data protection law. Because our website is available to visitors in both the United Kingdom and the European Union, we apply the standards set out below and, where they differ, we follow the stricter position.

3.1 United Kingdom

In the UK, cookies are governed by the Privacy and Electronic Communications Regulations (PECR) and the UK GDPR, overseen by the Information Commissioner's Office (ICO). PECR was amended by the Data (Use and Access) Act 2025, with the cookie changes taking effect from 5 February 2026.

We do not need your consent to use cookies that are strictly necessary to provide a service you have asked for. Since February 2026, a limited number of low-risk cookies may also be used without prior consent, provided we tell you about them clearly and give you an easy, free way to opt out. We do not rely on that exemption: every cookie on our website that is not strictly necessary is set only after you have said yes. Where cookies involve your personal information, we also meet the transparency requirements of the UK GDPR.

3.2 European Union and EEA

For visitors in the European Union and wider EEA, cookies are governed by the ePrivacy Directive and the EU GDPR. These require your prior opt-in consent before any non-essential cookie is set, including analytics cookies, with an exemption only for strictly necessary cookies. We ask every visitor for consent in this way, wherever they visit from, and you can change your mind at any time.

4. The cookies we use

We group our cookies into the categories below. You can accept or reject each optional category through our cookie banner, or later through the "Cookie settings" link in the footer of every page. Refusing is one click, nothing is pre-ticked, and nothing optional is switched on until you say so.

4.1 Strictly necessary

Our website does not need cookies to work. The only strictly necessary item is a small piece of local storage that remembers the cookie choices you have made, so that we can honour them. It does not require your consent, and we ask you again after about six months so your choice stays current.

4.2 Functional cookies

We do not currently use functional cookies.

4.3 Analytics cookies

With your permission we use two analytics services to understand how visitors find and use our website so that we can improve it. Neither is loaded at all unless you allow analytics in our cookie banner, in both the UK and the EEA.

- **Google Analytics 4** shows us which pages are read, how people arrive and where they leave. We keep Google Signals switched off, so your visit is not added to Google's advertising profiles.
- **PostHog**, hosted in the European Union, shows us how the site is used, such as which pages are visited and what is clicked, and for some visits a recording of how a page was used. Anything typed into a form is hidden in those recordings.

Neither service is loaded inside our online quote form, so your answers to the quote questions are never sent to Google or PostHog. If you withdraw your permission through the "Cookie settings" link, we stop both services and delete the cookies and storage they set on our website.

4.4 Advertising cookies

We do not use advertising cookies, conversion pixels or social media trackers.

4.5 Embedded content

Our website can show a Google map of our office at Alderley Park and our live Feefo customer reviews. Google and Feefo set their own cookies when this content loads, so it does not load at all unless you allow embedded content in the cookie banner. Until then you see our address in text and a summary of our reviews instead.

4.6 The cookies on our site

The table below lists the cookies and similar items our website uses. We review it whenever we change the services on our website.

Name	Provider	Purpose	Category	Expires
tq-cookie-consent (local storage)	TopQuote (first party)	Remembers the cookie choices you have made	Strictly necessary	About 6 months, then we ask again

Name	Provider	Purpose	Category	Expires
_ga, _ga_*	Google Analytics	Measures how visitors use the site so we can improve it	Analytics	Up to 2 years
ph_<project>_posthog (cookie and local storage)	PostHog (EU hosting)	Measures how visitors use the site so we can improve it	Analytics	1 year
Google Maps cookies (for example NID)	Google	Set by Google when the map of our office loads	Embedded content	Set by Google, up to 6 months
Feefo cookies	Feefo	Set by Feefo when our live reviews load	Embedded content	Set by Feefo

Cookies set by Google, PostHog and Feefo are controlled by those companies, and their names and durations can change. Their own cookie information gives the current details.

5. Third-party cookies

Some cookies are set by third parties whose tools we use: Google (analytics and maps), PostHog (analytics) and Feefo (reviews). We do not control these cookies, and we recommend reading the relevant provider's own privacy and cookie information. They are set only with your consent.

Parts of our website are also delivered from other companies' servers (the unpkg, jsDelivr and Tailwind CSS content networks). These set no cookies, but like any request on the internet they receive your IP address and the page that asked for the file.

6. How to manage your cookies

You can manage your choices at any time by:

- using our cookie banner, or the "Cookie settings" link in the footer of every page, to accept, reject or change categories; and
- adjusting your browser settings to block or delete cookies. See your browser's help pages for how.

Blocking cookies will not stop our website working, although the map and live reviews will not load.

7. Your rights and how to complain

Where cookies process your personal information, you have rights under data protection law, including the right to access, correct or erase your information and to object to certain uses of it. Our Privacy Policy explains these rights in full.

If you are unhappy with how we handle cookies or your personal information, please contact us first so that we have the chance to put things right. We will acknowledge your complaint within 30 days. If you remain dissatisfied, visitors in the UK can complain to the ICO at ico.org.uk, and visitors in the EEA can complain to their local data protection authority.

8. Changes to this policy

We may update this policy from time to time to reflect changes in the cookies we use or in the law. When we make significant changes we will update the date at the top of this document and, where appropriate, ask for your consent again. Please check back from time to time to stay informed.

9. Contact us

If you have any questions about this Cookie Policy, please contact us at hello@topquote.uk.com, by phone on 0161 974 3710, or by post at Alderley Park, Suite 3, Glasshouse, Congleton Road, Macclesfield, SK10 4TG.

Version & update history

Version	Date	Details of update	Author	Approved by
1.0	27/08/2026	New document, first published version.	TopQuote	James, Principal
1.1	10/11/2026	Added PostHog to analytics. Cookie list corrected to match the website: removed items the site does not set (session ID, CSRF token, display preference, Meta/Facebook advertising cookie), added embedded content (Google Maps, Feefo reviews), consent record is local storage kept about 6 months. Website address corrected. Opt-out wording for analytics removed (analytics run only with consent).	TopQuote	The Openwork Partnership, 11/11/2026

Top Quote Limited is registered in England and Wales (company number 04648763), registered office Alderley Park, Suite 3, Glasshouse, Congleton Road, Macclesfield, SK10 4TG. TopQuote is a trading name of Top Quote Limited, an Appointed Representative of The Openwork Partnership, a trading style of Openwork Limited, which is authorised and regulated by the Financial Conduct Authority (Openwork Limited firm reference number 408285).
